Residents placed and funded under this agreement and the spouses of residents may be liable to pay for services under this agreement according to provisions of Chapter HSS 1 of the Wisconsin Administrative Code and forms and procedures developed under these rules which include, but are not limited to, the *Community Options Program Cost Sharing Guidelines* and the *Medicaid Waiver Guidelines*. - D. If Provider has billing responsibility under this agreement and also has control of the resident's funds, the Provider shall assure that there is informed consent to apply the resident's funds to pay the bill. Such consent should be obtained from the resident if competent, the resident's guardian of the estate, or person with power of attorney to handle the resident's financial matters. The Provider shall inform the Purchaser if, in the opinion of the Provider, the resident is not competent to make financial decisions and does not have a guardian of the estate or a person assigned with durable power of attorney to handle financial matters.

## **V. Indemnity and Insurance**

- A. Provider agrees that it will at all times during the existence of this Contract indemnify Purchaser against any and all loss, damages, and costs or expenses which Purchaser may sustain, incur, or be required to pay by reason of any eligible client's suffering, personal injury, death or property loss resulting from participating in or receiving the care and services to be furnished by the Provider under this Agreement; however, the provisions of this paragraph shall not apply to liabilities, losses, charges, costs, or expenses caused by Purchaser.
- B. Provider agrees that, in order to protect itself as well as Purchaser under the indemnity provision set forth in the above paragraph, Provider will at all times during the terms of this Contract keep in force a liability insurance policy issued by a company authorized to do business in the State of Wisconsin and licensed by the Wisconsin Office of the Commissioner of Insurance. Upon the execution of this Contract, Provider will furnish Purchaser with a Certificate of Insurance verifying the existence of such insurance. In the event of any action, suit, or proceedings against Purchaser upon any matter herein indemnified against, Purchaser shall, within five (5) working days, cause notice in writing thereof to be given to Provider by certified mail, addressed to its post office address.

## **VI. Civil Rights Compliance**

The Civil Rights Compliance (CRC) Plan contains three components: Affirmative Action, Civil Rights/Equal Employment Opportunity, and Language Access. Providers that have more than twenty-five (25) employees must develop and submit a Civil Rights Compliance Plan with all the three components mentioned above.

Providers that have less than twenty-five (25) employees must develop and submit a Letter of Assurance. (Attachment # 6)

- A. Affirmative Action (AA) is the first component of the CRC Plan. A Provider must develop and submit an Affirmative Action Plan that covers a two or three-year period. A Provider may request an exemption from submitting an AA Plan if it:

1. Has an annual work force of less than twenty-five employees,
2. Is a governmental entity (e.g., county, municipality or state university), or
3. Has a balanced work force.

Nevertheless, exempt Providers that do not have a balanced work force in specific job groups are required to develop and submit a recruitment strategy to address under-representation of the job group.

An Affirmative Action Plan is a written document that details an affirmative action program. Key parts of an affirmative action plan are:

1. a policy statement pledging nondiscrimination and affirmative action employment,
2. internal and external dissemination of the policy,
3. assignment of a key employee as the Equal Opportunity Coordinator,
4. a workforce analysis that identifies job classifications where representation of women, minorities and the disabled are deficient,
5. goals and timetables that are specific and measurable and that are set to correct deficiencies and to reach a balanced workforce,
6. a revision of employment practices to ensure that they do not have discriminatory effects, and
7. the establishment of internal monitoring and reporting systems to measure progress regularly.

A non-exempt Provider shall conduct, keep on file, and update annually a separate and additional accessibility self-evaluation of all programs and facilities, including employment practices for compliance with the Americans with Disabilities Title I regulations, unless an updated self-evaluation under Section 503 of the Rehabilitation Act of 1973 exists which meets the ADA requirements.

- B. Civil Rights and Equal Employment Opportunity are the second component of the CRC Plan that must be developed and submitted. The civil rights requirements address non-discrimination in service delivery and equal treatment in all programs and activities to clients, consumers, or patients.

The Provider agrees to the following provisions:

1. No otherwise qualified person shall be excluded from participation in, be denied the benefits of, or otherwise be subject to discrimination in any manner on the basis of race, color, national origin, religion, sex, disability or age. This policy covers eligibility for and access to service delivery, and treatment in all programs and activities.

2. No otherwise qualified person shall be excluded from employment, be denied the benefits of employment or otherwise be subject to discrimination in employment in any manner or term of employment on the basis of age, race/ethnicity, religion, gender, sexual orientation, color, national origin or ancestry, disability, arrest or conviction record, marital status, political affiliation, military participation, the use of legal products during non-work hours, or non-job related genetic and honesty testing. All employees are expected to support goals and programmatic activities relating to non-discrimination in employment.
  3. The Provider shall post the Equal Opportunity Policy, the name of the Equal Opportunity Coordinator and the discrimination complaint process in conspicuous places available to applicants and clients of services, and applicants for employment and employees. The complaint process will be according to the Department's standards and made available in languages and formats understandable to applicants, clients and employees. The Purchaser will continue to provide appropriate translated program brochures and forms for distribution.
  4. The Provider agrees to comply with the Purchaser's guidelines in the Civil Rights Compliance Plan Standards and the Resource Manual for Equal Opportunity in Service Delivery and Employment for the Wisconsin Department of Health and Family Services, its Service Providers and their Subcontractors.
  5. Requirements herein stated apply to any subcontracts or grants. The Purchaser has primary responsibility to take constructive steps, as per the CRC Standards, to ensure the compliance of its subcontractors or grantees.
  6. If a Provider of a county is a direct provider of the Department, this Provider will be required to develop and submit a CRC Plan to the Department. The county need not require this Provider to submit a second copy to the county.
  7. The Purchaser will monitor the Civil Rights Compliance of the Provider. The Purchaser will conduct reviews to ensure that the Provider is ensuring compliance by its subcontractors or grantees according to guidelines in the CRC Standards. The Provider agrees to comply with Civil Rights monitoring reviews, including the examination of records and relevant files maintained by the Provider, as well as interviews with staff, clients, and applicants for services, subcontractors, grantees, and referral agencies. The reviews will be conducted according to the Department of Health and Family Services procedures. The Purchaser will also conduct reviews to address immediate concerns of complainants.
  8. The Provider agrees to cooperate with the Purchaser in developing, implementing and monitoring corrective action plans that result from complaint investigations or monitoring efforts.
- C. Language Access is the third component in the CRC Plan. It addresses the way programs and services are provided for persons with disabilities and Limited English Proficient (LEP) speakers.

For persons with disabilities, the Provider agrees that it will:

1. Provide competent sign language interpreters for deaf or hard of hearing participants free of charge at any stage of application or receipt of services;

2. Provide aids, assistive devices and other reasonable accommodations to the client during the application process, in the receipt of services and in the processing of complaints or appeals;
3. Train staff in human relations techniques, sensitivity to persons with Disabilities and sensitivity to cultural characteristics;
4. Make programs and facilities accessible, as appropriate, through outstations, authorized representatives, adjusted work hours, ramps, doorways, elevators, or ground floor rooms, and Braille, large print or taped information for the visually or cognitively impaired;
5. Post and/or make available informational materials in formats appropriate to the needs of the client population.

For Limited English Proficient (LEP) participants, the Provider must weigh the following four factors:

1. The number or proportion of LEP persons eligible to be served or likely to be encountered by the Provider;
2. The frequency with which LEP individuals come in contact;
3. The nature and importance of the program, activity, or service provided by the program to people's lives, and
4. The resources available to the Provider.

Upon the consideration of the four factors, the LEP policies require that the provider have the following program components:

1. Analyze its service area to assess the primary language needs of the participants that it serves or encounters;
2. Establish a plan that will make oral interpretation available and free of charge upon request;
3. Disseminate written notice in the primary language of the LEP group that interpretation is available and free of charge to groups that constitute less than 50 individuals eligible to be served or encountered;
4. Provide written translations of vital documents to LEP participants that constitute at least 5% or 1,000 LEP individuals, whichever is less, of the populations served or encountered.
5. Train staff on the Provider's LEP policies and procedures;
6. Collect data on primary language use of LEP participants to evaluate the program's effectiveness; and
7. Identify the LEP Coordinator and establish a complaint process that is accessible to LEP participants.

The Provider will, to the extent possible, hire bilingual staff, work with community associations, contract with competent interpreters or use other methods to ensure accurate interpretation while providing critical health care to an LEP consumer or patient.

## **VII. Renegotiation**

This contract or any part thereof may be renegotiated in the case of 1) increased or decreased volume of services; 2) changes required by federal or state laws or regulations or court action; or, 3) changes in funding or monies available affecting the substance of this Agreement.

## **VIII. Contract Revisions and/or Terminations**

- A. Failure to comply with any part of this contract may be considered cause for revision or termination of this contract.
- B. Either party may initiate revision of this contract. Revision of this contract must be agreed to by both parties by an addendum signed by their authorized representatives.
- C. Provider shall notify Purchaser whenever it is unable to provide the required quality or quantity of services. Upon such notification, Purchaser and Provider shall determine whether such inability will require a revision or cancellation of this contract.
- D. Either party may terminate this contract by a 60-day written notice to the other party.

Upon termination, the Purchaser's liability shall be limited to the costs incurred by the Provider up to the date of termination. If the Purchaser terminates the contract for reasons other than non-performance by the Provider, the Purchaser may compensate the Provider for an amount determined by mutual agreement of both parties.

- E. Both parties understand that if the cancellation of the contract by either party results in the closing of a CBRF, both parties have certain statutory obligations. Chapter 50.03(14), Stats., governs the closing of a Community Based Residential Facility (CBRF). It states that, upon DHFS approval of the facility's plan to relocate its residents (or the imposition of such a plan by the DHFS), the facility must establish a closing date not earlier than 90 days from the date of DHFS approval or imposition of the relocation plan when 5 to 50 residents will be relocated. This same statute also requires a minimum 120-day period when more than 50 residents will be relocated.

In addition, s. 50.03(14)(b), Stats., mandates that county agencies of the county in which the facility is located shall participate in the development and implementation of individual relocation plans. It also requires that agencies of other counties which have responsibility for facility residents shall participate in the development and implementation of individual relocation plans for those residents. Therefore, county agencies clearly have a responsibility to be actively involved in resident relocation when a CBRF is closing.

## **IX. Resolution of Disputes**

The Provider may appeal decisions of the Purchaser in accordance with the terms and conditions of the contract and Chapter 68, Wisconsin Stats.

## **X. Records**

- A. Provider shall maintain such records and financial statements as required by state and federal laws, rules, and regulations. These records shall include the Statements of Non-Compliance from the

previous two year period issued by the Department of Health and Family Services (DHFS), Plans of Correction submitted by the Provider, the results of any complaint investigation, and any notices of enforcement action initiated by the DHFS over the previous two year period.

- B. Provider shall permit appropriate representatives of the Purchaser to have timely access to the Provider's records and financial statements as necessary to review Provider's compliance with contract requirements for the use of the funding.
- C. The use or disclosure by any party of any information concerning eligible clients who receive services from Provider for any purpose not connected with the administration of Provider's or Purchaser's responsibilities under this contract is prohibited, except with the informed, written consent of the eligible client or the client's legal guardian.
- D. Provider shall cooperate with the Purchaser and Department of Health and Family Services in program compliance monitoring and quality assurance reviews.

## **XI. Reporting**

Provider shall comply with the reporting requirements of Purchaser and the Department of Health and Family Services. These reports include but are not limited to:

- A. Provider shall report contracted CBRF services and related costs to the Purchaser by the second day of each month following provision of services. When reporting service for the Human Services Reporting System, the Provider will use codes as provided by the Purchaser or the Department of Health and Family Services.
- B. Notifications of resident deaths as required by Wisconsin Statute and instructional memos and procedures issued by the Department of Health and Family Services.
- C. Liabilities and Other Assurances

The Provider shall notify the Purchaser, in writing, within 30 days of the date payment was due of any past due liabilities to the federal government, state government or their agents for income tax withholding, FICA, Worker's Compensation, Unemployment Compensation, garnishments or other employee related liabilities, sales tax, income tax of the Provider, or other monies owed. The written notice shall include the amount(s) owed, the reason the monies are owed, the due date, the amount of any penalties or interest, known or estimated, the unit of government to which the monies are owed, the expected payment date and other related information.

The Provider shall notify the Purchaser, in writing, within 30 days of the date payment was due of any past due liabilities to public or private creditors in excess of \$500, or when total past due liabilities exceed \$1,000, related to the operation of this contract for which the Purchaser has or will reimburse the Provider. The written notice shall include the amount(s) owed, the reason the monies are owed, the due date, the amount of any penalties or interest, known or estimated, the vendor to which the monies are owed, the expected payment date and other related information. If the liability is in dispute, the written notice shall contain a discussion of facts related to the dispute and information on steps being taken by the Provider to resolve the dispute.

The Purchaser may require written assurance, quarterly, that the Provider has reconciled costs, receipts and refunds reported to the Purchaser, for reimbursement or as match, to the expenses and revenues recorded in the Provider's accounting records and that all necessary adjustments have been reported to the Purchaser or recorded in the accounting records, as appropriate. Upon request from the Purchaser, written documentation of reconciliations may be required.

## **XII. Provider Responsibilities**

Provider agrees to meet state and federal service standards and applicable state licensure and certification requirements as expressed by state and federal rules and regulations applicable to the services covered by this contractual agreement. In addition, Provider shall:

- A. Cooperate with the Purchaser in establishing costs for reimbursement purposes.
- B. Adhere to the following audit requirements:
  - 1. The Provider shall submit an annual agency-wide audit to the Purchaser if the total amount of annual funding provided by the Purchaser through this and other contracts is \$25,000 or more.
  - 2. The audit shall be in accordance with the requirements of OMB Circular A-133 if the Provider meets the criteria of that Circular for needing an audit in accordance with that Circular. The audit shall also be in accordance with:
    - The *State Single Audit Guidelines*, if the Provider is a local government that meets the criteria of OMB Circular A-133 for needing an audit in accordance with that Circular, or

### **ATTACHMENT # 3 RESIDENT RIGHTS (Wisconsin Statute 50.09 and HFS 83.21(4))**

Every resident in a community-based residential facility shall have the right to:

- (a) Private and unrestricted communications with the resident's family, physician, attorney and any other person, unless medically contraindicated as documented by the resident's physician in the resident's medical record. Communications with public officials or with the resident's attorney shall not be restricted in any event. The right to private and unrestricted communications shall include, but is not limited to, the right to:
  - 1. Receive, send and mail sealed, unopened correspondence, and no resident's incoming or outgoing correspondence shall be opened, delayed, held or censored.
  - 2. Reasonable access to a telephone for private communications.
  - 3. Opportunity for private visits.
- (b) Present grievances on the resident's own behalf or others to the facility's staff or administrator, to public officials or to any other person without justifiable fear of reprisal, and to join with other residents or individuals within or outside of the facility to work for improvements in resident care.
- (c) Manage the resident's own financial affairs, including any personal allowances under federal or state programs, unless the resident delegates, in writing, such responsibility to the facility and the facility accepts the responsibility, or unless the resident delegates to someone else of the resident's choosing and that person accepts the responsibility. The resident shall receive, upon written request by the resident or guardian, a written monthly account of any financial transactions made by the facility under such a delegation of responsibility.
- (d) Be fully informed, in writing, prior to or at the time of admission of all services included in the per diem rate, other services available, the charges for such services, and be informed, in writing, during the resident's stay of any changes in services available or in charges for services.
- (e) Be treated with courtesy, respect and full recognition of the resident's dignity and individuality, by all employees of the facility and licensed, certified or registered providers of health care and pharmacists with whom the resident comes in contact.
- (f) Physical and emotional privacy in treatment, living arrangements and in caring for personal needs, including, but not limited to:
  - 1. Privacy for visits by spouse. If both spouses are residents of the same facility, they shall be permitted to share a room unless medically contraindicated as documented by the resident's physician in the resident's medical record.
  - 2. Privacy concerning health care. Case discussion, consultation, examination and treatment are confidential and shall be conducted discreetly. Persons not directly involved in the resident's care shall require the resident's permission to authorize their presence.
  - 3. Confidentiality of health and personal records, and the right to approve or refuse their release to any individual outside the facility, except in the case of the resident's transfer to another facility or as required by law or third-party payment contracts.
- (g) Not to be required to perform services for the facility that are not included for therapeutic purposes in the resident's plan of care.

- (h) Meet with, and participate in activities of social, religious and community groups at the resident's discretion, unless medically contraindicated as documented by the resident's physician in the resident's medical record.
- (i) Retain and use personal clothing and effects and to retain, as space permits, other personal possessions in a reasonably secure manner.
- (j) Be transferred or discharged, and be given reasonable advance notice of any planned transfer or discharge, and an explanation of the need for and alternatives to the transfer or discharge. The facility to which the resident is to be transferred must have accepted the resident for transfer, except in a medical emergency or if the transfer or discharge is for nonpayment of charges following a reasonable opportunity to pay a deficiency. No person may be involuntarily discharged for nonpayment under this paragraph if the person meets all of the following conditions:
  - 1. He or she is in need of ongoing care and treatment and has not been accepted for ongoing care and treatment by another facility or through community support services.
  - 2. The funding of his or her care in the community-based residential facility is reduced or terminated because the resident requires a level or type of care which is not provided by the CBRF.
- (k) Be free from mental and physical abuse, and be free from chemical and physical restraints except as authorized in writing by a physician for a specified and limited period of time and documented in the resident's medical record. Physical restraints may be used in an emergency when necessary to protect the resident from injury to himself or herself or others or to property. However, authorization for continuing use of the physical restraints shall be secured from a physician within 12 hours. Any use of physical restraints shall be noted in the resident's medical records. "Physical restraints" includes, but is not limited to, any article, device or garment which interferes with the free movement of the resident and which the resident is unable to remove easily, and confinement in a locked room.
- (l) Receive adequate and appropriate care within the capacity of the facility.
- (m) Use the licensed, certified or registered provider of health care, mental health care and pharmacist of the resident's choice.
- (n) Receive all treatments prescribed by the resident's practitioner, and to refuse any form of treatment unless the treatment has been ordered by a court. The written informed consent of the resident or the resident's guardian or agent is required for any treatment administered by the CBRF. General non-intrusive treatments typically provided by the CBRF may be provided to the resident under a written general informed consent agreement.
- (o) Be permitted to participate in religious activities of his or her choice, to entertain visits from a clergy person or lay representative of his or her choice, and to obtain the help of staff, if needed, to contact such clergy person or lay representative. No resident may be required to engage in any religious activities.
- (p) Not be treated as mentally incompetent.
